GENERAL INFORMATION

HISTORY OF THE UNIVERSITY

Jose Rizal University was originally founded as the Far Eastern College School of Accounts, Commerce, and Finance in 1919 as a non-stock non-profit non-sectarian private educational institution to blaze the trail in the field of commercial education. Its founder was the late Vicente Fabella, the first Filipino certified public accountant. The name was subsequently changed to Jose Rizal College in 1922, in honor of the great Filipino patriot and martyr who tried to awaken his countrymen in his writings to the need for economic self-sufficiency and independence.

The University was first located at R. Hidalgo Street in Quiapo, Manila. It offered the four-year bachelor's degree course in Commerce as well as the high school course. It has continued to provide educational services since 1919 except during the Japanese occupation of the Philippines in World War II when it remained closed as a gesture of protest in spite of repeated attempts by the occupation authorities at the time to have it opened.

The University re-opened after the end of the war in 1945 and, faced with the need for expanded facilities, transferred in 1950 to its present site in Mandaluyong City, then part of the province of Rizal and subsequently Metro Manila.

The University is a founding member of the Philippine Association of Colleges and Universities (PACU) in 1932, of the Philippine Association of Collegiate Schools of Business (PACSB) in 1962, of the Private Education Retirement Annuity Association (PERAA) in 1974, and Philippine Association of Personnel Management in Private Schools (PAPMIPS) in 1997.

During its 98 years of existence, the University has achieved the singular distinction of having produced a remarkable number of successful graduates who have enjoyed the respect of the nation. Among them are included a President of the Philippines, a justice of the Supreme Court, several members of the legislature and of the Cabinet, some ambassadors, no less than twenty heads of banks and financial corporations, several heads of educational institutions, acknowledged leaders in the various fields of industry, commerce, agriculture and trade, and armed forces officers of general rank. It can rightfully

claim that it has contributed its share in the molding of character and training of the successful graduates.

The careful combination of proven competence in instruction plus valuable experience in the practice of the profession has been the guide of the University in the selection of faculty members. This policy, combined with carefully planned programs in the various disciplines and adequate facilities, has formed the basis for the impressive educational record of the University.

The request shall be approved by the Dean, the Registrar and the Vice President for Academic Affairs or his/her authorized representative. When no written notification is made, the student is considered dropped, and charge in full for the entire semester, regardless of the actual attendance.

Subsequent to enrolment, if the student officially withdraws his/her enrollment for any reason, prior to the start of classes, the University shall refund all payments already made, but will charge the student the amount of Two Thousand Eight Hundred Pesos (Php 2,800.00) as processing fee. If the student withdraws only portion of his/her enrolment, prior to the start of the classes, the University shall refund the portion of the tuition fee and any directly corresponding miscellaneous fees pertaining to the subject withdrawn, that has already been paid by the student provided that the student has properly filed the appropriate JRU Form for dropping of subjects. The student shall be charged the appropriate amount for dropping of subjects, except when the withdrawal of the subject is due to the failure of a prerequisite for that subject, his/her knowledge having been obtained after his enrollment due to failure of the faculty to submit the final grade on time. In which in case, the student shall not be charged any amount.

If a student officially notified the University of the withdrawal of his/her enrolment or any portion of his/her enrolment within fifteen (15) calendar days after the beginning of classes, the student shall be charged 20% of the total published tuition and miscellaneous fees due or total installment tuition and miscellaneous fee due depending on their mode of payments. This shall be in addition to the appropriate charges imposed for dropping the subjects, except when the withdrawal of the subject is due to the failure of a prerequisite for that subject, his/her knowledge having been obtained after his/her enrollment due to failure of the faculty to submit the final grade on time. In which in case, the student shall not be charged any amount and the University shall refund that portion of the tuition fee and any directly corresponding miscellaneous fees pertaining to the subject withdrawn, which has already been paid by the student. This policy shall be imposed regardless of whether or not the student has been attending his/her classes.

If a student officially notified the University of the withdrawal of his/her enrolment or any portion of his/her enrolment more than fifteen (15) but not more than thirty (30) calendar days after the beginning of classes, the student shall be charged 50% of the total published tuition and miscellaneous fees due or total installment tuition and miscellaneous fee due depending on their mode of payments. This shall be in addition to the appropriate charges imposed for dropping the subjects, except when the withdrawal of the subject is due to the failure of a prerequisite for that subject, his/her knowledge having been obtained after his/her enrollment due to failure of the faculty to submit the final grade on time. In which in case, the student shall not be charged any amount and the University shall refund that portion of the tuition fee and any directly corresponding miscellaneous fees pertaining to the subject withdrawn, which has already been paid by the student. This policy shall be imposed regardless of whether or not the student has been attending his/her classes.

If a student officially notified the University of the withdrawal of his/her enrolment, or any portion of his/her enrolment more than thirty (30) calendar days after the beginning of classes, the student shall be charged 100% of the total published tuition and miscellaneous fees due or total installment tuition and miscellaneous fee due depending on their mode of payments. This shall be in addition to the appropriate charges imposed for dropping the subjects, except when the withdrawal of the subject is due to the failure of a prerequisite for that subject, his/her knowledge having been obtained after his/her enrollment due to failure of the faculty to submit the final grade on time. In which in case, the student shall not be charged any amount and the University shall refund that portion of the tuition fee and any directly corresponding miscellaneous fees pertaining to the subject withdrawn, which has already been paid by the student. This policy shall be imposed regardless of whether or not the student has been attending his/her classes.
