GENERAL INFORMATION

HISTORY OF THE UNIVERSITY

Jose Rizal University was originally founded as the Far Eastern College School of Accounts, Commerce, and Finance in 1919 as a non-stock non-profit non-sectarian private educational institution to blaze the trail in the field of commercial education. Its founder was the late Vicente Fabella, the first Filipino certified public accountant. The name was subsequently changed to Jose Rizal College in 1922, in honor of the great Filipino patriot and martyr who tried to awaken his countrymen in his writings to the need for economic self-sufficiency and independence.

The University was first located at R. Hidalgo Street in Quiapo, Manila. It offered the four-year bachelor's degree course in Commerce as well as the high school course. It had continued to provide educational services since 1919 except during the Japanese occupation of the Philippines in World War II when it remained closed as a gesture of protest in spite of repeated attempts by the occupation authorities at the time to have it opened.

The University reopened after the end of the war in 1945 and, faced with the need for expanded facilities, transferred in 1950 to its present site in Mandaluyong City, then part of the province of Rizal and subsequently Metro Manila.

The University is a founding member of the Philippine Association of Colleges and Universities (PACU) in 1932, of the Philippine Association of Collegiate Schools of Business (PACSB) in 1962, of the Private Education Retirement Annuity Association (PERAA) in 1974, and Philippine Association of Personnel Management in Private Schools (PAPMIPS) in 1997.

In its more than 100 years of existence, the University has achieved the singular distinction of having produced a remarkable number of successful graduates who have enjoyed the respect of the nation. Among them are included a President of the Philippines, a justice of the Supreme Court, several members of the legislature and of the Cabinet, some ambassadors, no less than twenty heads of banks and financial corporations, several heads of educational institutions, acknowledged leaders in the various fields of industry, commerce, agriculture and trade, and armed forces officers of general rank. It can rightfully claim that it has contributed its share in the molding of character and training of the successful graduates.

The careful combination of proven competence in instruction plus valuable experience in the practice of the profession has been the guide of the University in the selection of faculty members. This policy, combined with carefully planned programs in the various disciplines and adequate facilities, has formed the basis for the impressive educational record of the University.

VISION OF THE UNIVERSITY

JRU will be a market leader in the use of technology for innovations in teaching and learning to produce graduates of social importance.

MISSION OF THE UNIVERSITY

The University aims to develop its students to become useful and responsible citizens through the effective transfer of relevant knowledge and desirable values.

QUALITY POLICY

Jose Rizal University is committed to provide quality education through compliance with stakeholder requirements, continuous improvement of its organizational system, and to develop competent and professional teaching and non-teaching personnel, to ensure efficient transfer of relevant knowledge and desirable values.

QUALITY OBJECTIVES

1. Continuously provide academic intervention to its students.
2. Continuously provide feedback loops in satisfying its clients through metrics.
3. Maintain and continuously develop a competent workforce through effective performance management system.
4. Maintain effective financial, technological, academic, and administrative planning and control systems to implement its goals and objectives.

JRU CORE VALUES

Our core values define how we behave individually and collectively, as inspired by the ideals of the founder. A Rizalian is:

- **Responsible.** A team player who is focused, attentive, gives one's best, and is committed to the goals of the University.
- **Considerate and Courteous.** A fair and caring person fully aware of other's rights, feelings, and ideals.
- **With Integrity.** A person who acts truthfully, morally, and ethically.

In addition, the Elementary School places particular emphasis upon developing both familiarity and facility with the English language as quickly as possible, and certain basic desirable virtues which appear to be most effectively provided by the school, rather than the family or the church.

JRU INSTITUTIONAL OUTCOMES

A JRU graduate has the competencies and values in the disciplinary area completed such that he/she is a useful and responsible citizen of the country.

DATA PRIVACY

The University is committed to protect the privacy rights of its students (also known as data subjects) on personal information pursuant to the provisions of the Data Privacy Act of 2012. Students are urged to read and understand the privacy notice posted on the University website, which explains how the University collects, uses, retains, and discloses personal information of its data subjects. Questions about policy or any complaint regarding the treatment of privacy by the University may be communicated to the Data Privacy Officer.

CURRICULUM

The JRU Curriculum meets the national requirements but is further strengthened to enhance instruction reflective of the knowledge, skills, and attitudes suited to the ever-changing needs of pupils and society. To address the challenges of the current pandemic and to focus instruction to most essential and indispensable competencies that the learners must acquire, the JRU-ESD program has implemented the Most Essential Learning Competencies (MELC) and the alternative modes of learning while face-to-face learning is not allowed.

The Elementary School places great emphasis on the importance of the English language and has taken steps to emphasize this particular subject skill. The number of contact hours of the English subject in all grade levels is given more minutes. English is used as the medium of instruction in all subject areas for all grade levels (with the exception of Filipino and Mother Tongue subjects). It is the University's belief that early and complete familiarity with the English language is critical to a more effective social and economic role of the child upon maturity. Additional emphasis is also given to Mathematics and Science subjects, as these represent, together with English, the core of the Elementary School curriculum

Furthermore, the university adopted the use of the Canvas Learning Management system to further enhance the Technology Enabled Education (TEE) programs of the Elementary School Division. Through the use of Canvas, teachers, and students are able to access course and module contents, communicate internally, and collaborate through various online activities. Online lessons in Canvas also paved the way for the implementation of online assessments.

The contents of the Character Education subject have been especially suited to the needs of the elementary school pupils and take into consideration those values which are best handled by the school, as contrasted with those which may be better undertaken by the parents and by religious authorities.

As a general rule, when face-to-face classes are allowed, elementary pupils will not be permitted to leave the school campus before the dismissal of classes in the afternoon, for security and safety reasons, and to foster a sense of responsibility. Furthermore, parents will not be allowed to remain inside the campus while their children are attending classes. Each child should be provided with his/her own lunch box and left to eat by himself or with his/her classmates during lunchtime.

Co-curricular activities and organizations related to different subject areas are organized to enhance the interest of the students, improve their skills in various fields, and promote harmonious social relationships on the school campus. Literary and musical programs are held from time to time, and maximum student participation shall be stressed.

The annual intramural league is an important component of Physical Education and is designed in a competitive manner in several group sports. A separate day is reserved for elementary school activities during the annual University Week when the anniversary of the school is observed with appropriate ceremonies.

KINDERGARTEN

Kindergarten class introduces the child to social interaction with children of the same age, and eases the transition into more formal education in Grade I. As per DepEd order, it is strongly advised that children should take the Kindergarten program to improve their readiness and foundation skills to be ready for the primary grades. A portion of the elementary school building is exclusively used for the kindergarten classes, offering a wholesome atmosphere for young children engaged in work and play.

A child enrolling for kindergarten should have been born not later than August 1, 2015. A child who will turn five years old by the end of October 31, 2015, could be accepted on the condition that Philippine Early Childhood Development (ECD) checklist is administered to the learner to determine his/her readiness to enter kindergarten and after a written permission from the Schools Division Superintendent (SDS) has been secured by the Office of the School Principal.

The medium of instruction for the kindergarten class is primarily English, with the Filipino language utilized as an auxiliary medium. Classes are held from 8:00 to 11:00 o'clock in the morning and from 12:00 to 3:00 o'clock in the afternoon, Mondays through Fridays.

Kindergarten pupils are encouraged to join the Scouting Movement, 'Twinklers' for the girls, and 'Kid' for the boys.

Kindergarten pupils are required to wear the same uniforms as those worn by the elementary school pupils in Grades I to IV.

A "prompt payment discount" of 10% of the tuition is given if full payment of all tuition and miscellaneous fees is made before the opening of classes (Prompt Payment Discount). However, if payment is made through credit card, the "prompt payment discount" is reduced to 7.5%.

Further information about the prompt payment discount schedule and the deadline for enjoying such privilege may be obtained at the Student Accounts Section of the Accounting Office in Room A-13.

Pupils who will pay full tuition and miscellaneous fees after the prompt payment discount period but on or before the 11th day from the opening of classes can no longer avail the prompt payment discount and will be charged the full published rate.

Pupils who are not able to pay tuition and miscellaneous fees in full on or before the 11th day from the opening of classes shall automatically be considered as paying on "installment basis" and shall be charged the installment rates.

Pupils who pay on installment basis shall be charged an "Incomplete Down-payment fine" of Five Hundred Pesos (Php 500.00) if full payment is not made on or before the 11th day from the opening of classes.

A "Non-Payment Fine" equivalent to Two Hundred Pesos (Php200.00) shall be charged to those pupils who fail to pay the minimum payment required on installment accounts as they become due.

The last day of enrolment without fines is the first day of regular classes. Any pupil who is allowed to enroll after the said date shall be considered as a late enrollee and is subject to the late enrolment fine.

A pupil is not considered enrolled unless the tuition or the first installment and all pertinent miscellaneous fees have been paid, in addition to the other requirements for enrolment.

Please note that the pupil with delinquent accounts shall be subject to penalties. This includes pupils who do not settle financial obligations to the University on time and those who issue "bounced checks."
