JOSÉ RIZAL UNIVERSITY

José Rizal University (JRU) prides itself for being among the most inexpensive private universities in the country that offers quality education. It is a non-stock, non-profit, non-sectarian private educational institution founded in 1919 by Don Vicente Fabella based on the ideal of good education available to all.

It has since blazed a trail in commercial education and continues to break new ground in various fields. It combines advancements in teaching methodology and information technology, providing students with basic tools that will equip them to succeed in today's rapidly changing technological world, and developing their intellectual qualities.

JRU has established strong ties with universities both here and abroad to facilitate on-going cultural exchange, faculty dialogue, and collaboration. Partnerships with major industry players for curriculum development ensure that students are exposed to the standards and demands of industry.

To this day, the University continues to build upon its foundation of academic excellence through a roster of top-notch faculty, superior facilities, and well-planned programs in various disciplines that have received numerous accreditations. As a testament to its commitment and contribution to the promotion of quality education, JRU has been accredited Autonomous Status by the Commission on Higher Education since 2009.

MISSION

The University aims to develop its students to become useful and responsible citizens through the effective transfer of relevant knowledge and desirable values.

VISION

JRU will be a market leader in the use of technology for innovations in teaching and learning to produce graduates of social importance.

Rizalian Core Values

Responsible

A Rizalian is a team player who is focused, attentive, gives his/her best and is committed to the goals of the University.

Courteous and Considerate

A Rizalian is fair, caring, and fully aware of other's rights, feelings, and ideals.

with Integrity

A Rizalian acts truthfully, morally and ethically.

Find your Inner Hero

THE MILESTONES

1919 The Far Eastern College School of Accounts, Commerce and Finance was founded by the late Don Vicente Fabella, the first Filipino Certified Public Accountant.

1922 The college changed its name to José Rizal College as homage to our national hero and patriot, Dr. José P. Rizal.

1932 José Rizal College became a founding member of the Philippine Association of Colleges and Universities (PACU).

1942 – 1945 José Rizal College closed as a sign of protest during the Japanese occupation of the Philippines in World War II. It re-opened after the war in 1945.

1950 José Rizal College transferred to its present site at 80 Shaw Boulevard, Mandaluyong City.

1962 José Rizal College became a founding member of the Philippine Association of Collegiate Schools of Business (PACSB).

1974 José Rizal College became a founding member of the Private Education Retirement Annuity Association (PERAA).

1997 José Rizal College became a founding member of the Association of Personnel Management in Private Schools (PAPMIPS).

1999 José Rizal College received Level III Accreditation from the Philippine Association of Colleges and Universities Commission on Accreditation (PACUCOA).

2000 José Rizal College granted University Status by the Commission on Higher Education (CHED) and has since been known as José Rizal University.

2001 José Rizal University was granted Autonomous Status by CHED.

2005 José Rizal University's Bachelor in Elementary Education Program was granted Level III Accreditation Status by PACUCOA.

2009 José Rizal University's Business Administration program received Level IV Accreditation from PACUCOA and was awarded CHED Center of Development status.

2011 José Rizal University's Elementary Education, Secondary Education, and Liberal Arts programs all received Level IV Accreditation from PACUCOA.

2014 José Rizal University's Master of Business Administration and Master of Public Administration programs have been Re-Accredited Level III by PACUCOA.

2015 José Rizal University's College Division was granted ISO 9001:2008 certification. The Elementary School and Junior High School Divisions achieved Level III Re-Accreditation Status. The Computer Engineering and Hotel and Restaurant Management Programs achieved Level I formal accredited status. The Business Administration Program has been Re-Accredited Level IV by PACUCOA.

2016 José Rizal University opened the Senior High School Division offering all tracks and various strands.

2018 José Rizal University's College and Graduate School Divisions were granted ISO 9001:2015 Certification.

2019 José Rizal University Community celebrated its Grand Celebration as it reached its 100th year.

2020 The JRU Coffeetable Book entitled "A Century of Greatness: the José Rizal University Story", was launched on January 21, 2020 at the Manila Polo Club in Makati City.

100% Full Online Classes were implemented in JRU on August 10, 2020 for SY 2020-2021 due to the Covid-19 Global Pandemic.

2021 JRU achieved a 5-Star Rating by Quacquarelli-Symonds (QS) in Employability.

2022 The new JRU Brand tagline "FIND YOUR INNER HERO" was unveiled.

MILESTONES AND #HUSAYRIZALFIE

ELEMENTARY SCHOOL

KINDERGARTEN

Kindergarten class introduces the child to social interaction with children of the same age, and ease the transition into more formal education in Grade 1. As per DepEd order, it is strongly advised that children should take the Kindergarten program to improve their readiness and foundation skills to be ready for the primary grades.

The medium of instruction for the Kindergarten class is primarily English, with the Filipino language utilized as an auxiliary medium. Kindergarten classes offer a conducive learning environment for young children engaged in work and play.

ELEMENTARY

Molding young minds and shaping character has always been the primary thrust of José Rizal University's Elementary School. Students will gain a functional understanding of scientific concepts, acquire mathematical skills, and have a good command of English while developing strong moral standard.

Program Outcomes:

1. Demonstrate understanding and appreciation of key concepts and principles of core subjects as applied through the use of communication and critical thinking skills, practical strategies, and appropriate technology.
2. Apply scientific inquiry skills to solve problems critically, innovate beneficial products, and engage in discussions of relevant issues that involve science, mathematics, and the environment.
3. Exhibit a positive attitude towards work, be able to take care of the environment, and has the necessary skills to cope with global challenges.
4. Exercise pride as a Filipino citizen endowed with the love of God and country and shows care and concern for the country's natural resources.

Student Outcomes:

1. Utilize strong foundation of communication and critical thinking skills;
2. Demonstrate comprehensive knowledge of mathematical skills and scientific concepts;
3. Practice desirable habits and attitudes, essential for democratic citizenship guided by Rizalian values; and
4. Demonstrate love of God and of the Filipino nation in everyday living.

- Free Remediation Programs
- Strong Foundation in Math, English and Science
- Strong Student Development and Support Program
- Maximum Security Surveillance System

JUNIOR HIGH SCHOOL

The Junior High School offers the four-year secondary curriculum as approved by the Department of Education (DepEd) and Level III accredited by Philippine Association of Colleges and Universities Commission on Accreditation (PACUCOA), and modified to suit the global educational policies and priorities of JRU Junior High School. Junior High School classes are conducted for 80 minutes each for English, Math, Science and Business Technology 3 and 4 and 40 minutes each for the rest of other subjects.

English is used as the medium of instruction in all subjects except Filipino. It is the University's belief that complete familiarity with the English language is critical to a more effective social and economic role of the child. The Junior High School is very conscious of the importance of a good command of the English language in secondary education and has taken the option of shortening the four years of Character Education into the first two years and devoting the class time saved into additional English subjects. In addition, the Junior High School Division initiated steps in improving our subjects by including the Technology Enabled Materials (TEM) in teaching all our subjects.

Program Outcomes:

1. Display a strong command of language by demonstrating advanced communication skills in various situations;
2. Apply the mastered mathematical skills and scientific concepts into real-life situations;
3. Conduct themselves in desirable manners guided by the virtues of responsibility, courtesy, consideration, and integrity;
4. Enhance the acquired technological and occupational skills to qualify any entry-level positions in the employment world that will help students finish college; and
5. Exhibit reverence to God and social responsibility in daily life.

Student Outcomes:

1. Exhibit higher communication and critical thinking skills;
2. Demonstrate mastery of mathematical skills and scientific concepts and their applications;
3. Practice desirable habits and attitudes essential for democratic citizenship, guided by Rizalian Values;
4. Apply technological and occupational skills in real-life situations; and
5. Demonstrate love of God and of the Filipino nation in everyday living.

Senior High School

Well-rounded with an

EDGE

EDUCATION TOWARDS GUARANTEED EMPLOYMENT

The JRU Senior High School program offers tracks that are highly specialized to build competencies that will meet the demands of **COLLEGE** and **EMPLOYMENT**.

Industry practitioners and professionals equipped with the technical know-how and expertise teach and train students to become proficient with the skills required to succeed at the next level.

SENIOR HIGH SCHOOL

SENIOR HIGH SCHOOL

Senior High School at JRU ensures that your child has the best opportunity for success by experiencing the UNIVERSITY LIFESTYLE – a rich atmosphere that encourages scholastic engagement coupled with a plethora of resources available to each student at the onset. In addition, students are subjected to rigorous training both inside and outside the classroom to better prepare them for college or employment.

BIGGER is Better

Invest in José Rizal University and give your child access to high-tech, industry-grade facilities and multi-media classrooms that are housed in a secure campus. With a library that boasts of thousands of source materials and open spaces that have wi-fi connectivity, the University is able to fast-track the development of skills and desirable values among students as they are given the chance to be independent and “in-charge” of how they acquire knowledge to help them adapt to their new learning environment.

ACADEMIC TRACK

Prepares students for college and their preferred undergraduate program. Students may choose one of the following strands under this track:

- Accountancy, Business, and Management (ABM)
- Science, Technology, Engineering, and Mathematics (STEM)
- Humanities & Social Sciences Strand / General Academic Strand (HUMSS / GAS)

TECHVOC TRACK

Aims to develop technical skills of students aspiring to land a job immediately then opt to pursue an undergraduate degree later. Students may earn a National Certification (NC) from TESDA accredited assessment centers to fast track their entry into the job market. Students may choose one of the following strands under this track:

- Computer System Servicing
- Animation
- Tour Guiding Servicing
- Food & Beverages

ARTS AND DESIGN TRACK

SPORTS TRACK

Program Outcomes:

Consistent with the College Readiness Standards of the Philippines, the completers and graduates of the JRU Senior High School Division are able to:

1. Exercise higher and multifaceted analytical and communication skills in diverse situations needed for higher learning.
2. Apply analytical and critical thinking skills in solving complex questions, investigating global issues, and developing creative solutions for challenges and real-world problems.
3. Apply mathematical and scientific knowledge and skills in solving and developing creative solutions to the challenges and problems facing our nation and our world.
4. Effectively and responsibly exercise processes and skills in manipulating the emerging technologies using appropriate information significant to himself/herself and his/her community.
5. Demonstrate love of God and commitment to practice the Rizalian Core Values and love of the Filipino nation in everyday living.

New and Transferees

- Duly accomplished JRU AdHub application form

Scholarships

La Pluma Scholarship

This scholarship is given to incoming Junior High School, Senior High School and College students who graduated in the **TOP TEN** of their entire batch. The batch should consist of at least 100 graduating students in the Elementary and Junior High School; and at least 80 graduating students in the Senior High School in any CHED recognized and accredited schools.

The following are the La Pluma Scholarship Benefits:

- 100% discount on Tuition Fees
- 100% discount on all Miscellaneous Fees
- 100% reimbursement of the cost of books
- Inclusion in "Academic Scholars' Mentoring Program"
- Monthly Stipend (for incoming "Valedictorians" only). **

Renewal of this type of scholarship is based on the following requirements:

- – La Pluma Scholars for Junior High School and Senior High School who wish to continue their scholarship should maintain a Grade Point Average of 95%
- – La Pluma Scholars for College who wish to continue their scholarship should maintain a Grade Point Average of 1.25

Academic Scholarships

All incoming freshmen in the JRU Junior High School, Senior High School and College Divisions from any school may also apply for the JRU Academic Scholarships by taking the JRU Scholarship Qualifying Examination. Interested students must apply immediately after graduating from elementary school, Junior high school or Senior High School to be eligible. The following are the JRU Academic Scholarship benefits:

Academic Scholarship A

- 100% discount on Tuition Fees
- 20% discount on all Miscellaneous Fees

Academic Scholarship B

- 100% discount on Tuition Fees

JRU Alumni Association Scholarship

José Rizal University Alumni Association (JRUA) maintains and funds a number of scholarships every year for students who wish to pursue and obtain a bachelor's degree at José Rizal University. Qualified JRUA scholars receive 100% discount on tuition and fees. For special cases, scholars may also be given a monthly stipend and book allowance.

Bukas

José Rizal University has partnered with Bukas to provide an additional financial assistance service for students of JRU. Bukas offers affordable payment schemes that can cover up to 100% of your tuition and features an easy application process to obtain financing.

For more information on how to avail of the service visit <https://bukas.ph/jru> or send a PM to the Bukas FB page for more information."

THE JRU EDGE

EDUCATION TOWARDS GUARANTEED EMPLOYMENT

José Rizal University recognizes the growing demand for highly specialized skill-sets among graduates. To meet this demand, the University forged partnerships with corporations from various sectors of industry. By combining expertise and developing curricula responsive to a constantly changing global market, JRU students will gain pertinent experience and will be equipped with the technical knowledge that will give them the decisive advantage when they graduate.

Bachelor of Science In Business Administration Major In Supply Management

The BSBA Major in Supply Management degree will have the intensive training of the career professional. Leveraging 2GO's experience of more than a hundred years in the industry, this program will include courses that will provide a comprehensive understanding of the flow of materials from the original source all the way to the customer, and everything in between. The course includes subjects that will provide a cross – section of the Supply Management industry in theory and practice.

Bachelor of Science In Hotel And Restaurant Management Major In Cruise Management

Cruise ships, cargo liners and other sea-faring vessels have often looked to the Philippines for skilled crew and personnel. In partnership with the premiere manpower and training agencies for the industry, Source Asia Business (SAB) and United Philippine Lines (UPL), this course offers a program that builds half-a-century-worth of experience in training cruise managers.

Bachelor of Science In Tourism Management

Globally, the demand for flight attendants is increasing and airline companies especially in the Middle East are opting for Filipino attendants to man their cabins, not to mention the local airline industry who are benefiting from the country's booming tourism trade. To those tourism management students who would want to brave their career in the airline industry, the College of Hospitality and Tourism Management (HTM) has affiliated with MAGNUM AIR (SKY JET AIRLINES) to incorporate their Basic Airline Cabin Crew Training (BACCT). It has a training module that is aligned with that of the airline companies, the instructors are real flight attendants from Sky Jet Airlines and the last part is dedicated for their on-the-job training at Ninoy Aquino International Airport Terminal 4, EC Minds Travel Agency and Philippine Travel Agencies Association.

LEGAL KNOWLEDGE IS POWERFUL

Be a Lawyer

The JRU Law School has an outstanding complement of professors that make up the law faculty. It is dominated by members of the judiciary, but also include professionals from various undertakings: Bar reviewers, trial lawyers, corporate practitioners, businessmen, book authors and professional academicians.

Its facilities compare with the best that are available. It has a well-stocked library with thousands of titles and periodicals, modern air-conditioned classrooms, updated audio visual equipment, and convenient class schedules. Students are encouraged to engaged in academic and non-academic exercises, including self-governance thru a democratically established student council elections and administration.

It observes law rituals that enhance the value of a law education. Graduates taking the Bar examination are provided with assistance to help them pass the final test before admission to the practice of law. Today, the JRU Law School counts among its graduates some of the more successful lawyers in the country including scores of generals and ranking officers in the police and military service, congressman and other politicians, members of the judiciary and prosecutorial services, officers of government agencies, teachers, businessmen, and general practitioners.

JURIS DOCTOR (J.D.)

Graduates of the Juris Doctor (JD) program are able to:

- (1) Pass the bar examinations and engage in the practice of law;
- (2) Demonstrate increased awareness of the needs of the poor, deprived and oppressed sectors of society;
- (3) Contribute toward the promotion and advancement of justice and the improvement of its administration, the legal system and legal institutions in the light of historical and contemporary development of law in the Philippines and in other countries;
- (4) Analyze, articulate and apply the law effectively; and
- (5) Conscientiously pursue the lofty goals of the legal profession and fully adhere to its ethical norms taking into account Rizalian values.

Building Character since 1967

Why apply at JRU Law School?

- (1) JRU is among the TOP 12 Universities in the Philippines.
- (2) JRU Law School has outstanding Law Faculty line up.
- (3) JRU Law School does not compromise quality of legal education.
- (4) JRU Law School has exceptional Law Facilities.
- (5) JRU Law School has reasonable rate of tuition fees.
- (6) JRU Law School has responsive teaching tools.
- (7) JRU Law School has well-balanced students developmental calendar.
- (8) JRU Law School has one of the most rigorous academic programs.

LET'S GO BOMBERS!

ATHLETICS

José Rizal University is a member of the National Collegiate Athletics Association (NCAA). The University maintains a competitive athletics program that has significance and can foster pride within the Rizalian community. All JRU athletics program are designed to be in congruence with the essential educational objective of the institution.

Hello, and welcome back to Jose Rizal University!

We’ve been online for the past two years, and now are re-opening our campus to welcome you back. Much has happened, even if the campus has been physically silent. We’ve embraced the online environment, faculty have trained hard, and we’ve investment in content and the equipment needed to get you students through what will be the learning classrooms of the future.

To this end, we have converted almost all our classrooms, from Grade 1 to the Graduate School, to hyflex classrooms. Safety continues to be our priority, and these classroom conversions (and the entire campus) and our protocols are of course compliant with the requirements of the Department of Health, the Department of Education, and the Commission on Higher Education.

Hyflex is a style of hybrid learning that allows faculty and students to learn face-to-face (inside the classroom) and online at the same time. Many educators have felt that hyflex is the method of delivery for the future, and we think so too. The COVID pandemic has shown that online learning has its promises and potentials, but so too does traditional face-to-face learning. The best learning environments of the future will need both, in terms of classrooms and teachers ready to run in these environments - and JRU has these for you!

JRU is now a 3-star university, rated by Quacquarelli Symonds, one of the top international raters of quality education, and a sign of the international caliber of a Rizalian education. Few Philippine universities have this accolade, so much that we have been recently recognized by the Commission on Higher Education for this achievement. This sits well with our other quality achievements, including FAAP accreditation for our graduate, college and basic education programs, ISO, autonomous and center of excellence recognition, and students placing in PRC exams.

We’ve also opened the Centennial Building - nine and a half floors of learning at the center of the campus - which we commenced as part of our 100th year celebration in 2019. The top one and a half floors will house a state-of-the-art performance theater that sets 500, which we expect to finish this second semester. The Centennial Building itself houses classrooms, numerous student areas, an expanded eating center, and a re-imagined library on the fifth floor, called the Learning Commons. The Learning Commons is especially worth visiting, as it incorporates an understanding of the library as an information commons (information, in all its forms) - the new international model for libraries. The second floor has a wonderful open area for students looking out on the quadrangle, surely one of the best views in the city.

JRU also welcomes the College of Criminal Justice Education, which houses our Bachelor of Science in Criminology degree. The conversion of criminology from a program to a college is our commitment to this exciting discipline. The College of CJE will complement our other colleges – BAA (Business Administration and Accountancy), CSE (Computer Science and Engineering), NHS (Nursing and the Health Sciences), HTM (Hotel and Tourism Management), and EAS (Education, Arts and Sciences) – each a fantastic home of learning for you, the future leaders of this country.

The Elementary School, the Junior High School and the Senior High School have also been busy preparing for the reopening. All schools have converted likewise to hyflex, making them probably among the very few nationwide with hyflex capabilities. Our teachers in each school – already known for their experience in expertise in learning – have undergone (and many time, have demanded more!) the specialized training to deliver hyflex learning. This is particularly impressive for the Elementary School, which less than a year ago was a full-fledged mega-vaccination site for the city, part of our continued commitment to fight the virus.

The Law School and the Graduate School equally welcome you. It is never too early to think about what you might do after college, and making a graduate degree (Master, Doctor and Juris Doctor) part of those plans is a good step. Our graduate programs continue to be excellent – with top-shelf accreditations and consistent bar performance surpassing the national averages – and are great homes for the highest levels of education in the country.

The Graduate and Law Schools are primarily online, but face-to-face classes are also available. The main focus on online delivery reflects both faculty recommendations, and the request of many working students who have found our online delivery a great experience.

Lastly, we are introducing a new tagline, “Find Your Inner Hero” as part of the post-pandemic, next-100 year’s brand of JRU, “Husay Rizal” Husay Rizal (composed of Talinong Rizal, Talentong Rizal, Taos-Pusong Rizal and Tatag Rizal challenges) reflects the excellence of our national hero and the University, and challenges our faculty and students to become their best selves – their own heroes – because that is what our communities and society need.

Much is new, and exciting for all of you, returning students and new students! We need to remind everyone that at the core of all these opportunities are the guiding principles of the university: our Mission, our Vision and our Core Values (look them up at jru.edu!). We want the next 100 years to be amazingly better than the last, and we want each of you to take us all there.

I’ll see you at JRU. Mabuhay Rizal!
