GENERAL INFORMATION

HISTORY OF THE UNIVERSITY

Jose Rizal University was originally founded as the Far Eastern College School of Accounts, Commerce, and Finance in 1919 as a non-stock non-profit, non-sectarian private educational institution to blaze the trail in the field of commercial education. Its founder was the late Vicente Fabella, the first Filipino certified public accountant. The name was subsequently changed to Jose Rizal College in 1922, in honor of the great Filipino patriot and martyr who tried to awaken his countrymen in his writings to the need for economic self-sufficiency and independence.

The University was first located at R. Hidalgo Street in Quiapo, Manila. It offered a four-year bachelor's degree in Commerce as well as the high school. It had continued to provide educational services since 1919 except during the Japanese occupation of the Philippines in World War II when it remained closed as a gesture of protest in spite of repeated attempts by the occupation authorities at the time to have it opened.

The University re-opened after the end of the war in 1945 and, faced with the need for expanded facilities, transferred in 1950 to its present site in Mandaluyong City, then part of the province of Rizal and subsequently Metro Manila.

The University is a founding member of the Philippine Association of Colleges and Universities (PACU) in 1932, the Philippine Association of Collegiate Schools of Business (PACSB) in 1962, the Private Education Retirement Annuity Association (PERAA) in 1974, and the Philippine Association of Personnel Management in Private Schools (PAPMIPS) in 1997.

In its more than 100 years of existence, the University has achieved the singular distinction of having produced a remarkable number of successful graduates who have enjoyed the respect of the nation. Among them are included a President of the Philippines, a justice of the Supreme Court, several members of the legislature and the Cabinet, some ambassadors, no less than twenty heads of banks and financial corporations, several heads of educational institutions, acknowledged leaders in the various fields of industry, commerce, agriculture, and trade, and

armed forces officers of general rank. It can rightfully claim that it has contributed its share in the molding of character and training of successful graduates.

The careful combination of proven competence in instruction plus valuable experience in the practice of the profession has been the guide of the University in the selection of faculty members. This policy, combined with carefully planned programs in the various disciplines and adequate facilities, has formed the basis for the impressive educational record of the University.

JURIS DOCTOR PROGRAM

The Law School offers a quality program aimed at good performance in the bar and subsequent legal practice of its graduates. It requires an additional four curriculum years beyond those required for the undergraduate bachelor's program.

The curriculum for the Juris Doctor is set by the Legal Education Board. The curriculum and sequencing for the Juris Doctor degree leave no room for any significant maneuver or choice except for elective courses.

The focus of the new curriculum is to ensure that students will have adequate opportunities to sharpen their skills in law advocacies and to guarantee their readiness to practice law once they hurdle the Bar Examinations.

PROGRAM OUTCOMES

Graduates of the Juris Doctor (JD) program are able to:

- 1) Pass the bar examinations and engage in the practice of law;
- 2) Demonstrate increased awareness of the needs of the poor, deprived, and oppressed sectors of society;

Students further acknowledge and agree that should they violate any of these policies, the University has the absolute right to enforce sanctions and penalties upon them as called in this Handbook, including barring a student from taking examinations and/or being dropped from the enrolment rolls if necessary.

ENROLMENT PROCEDURES

Registration is the process of formally assigning and recording the enrolment of a student in a course or courses.

The enrolment system can be accessed online. Students enrolling for the first time at Jose Rizal University should access the Admission Hub (AdHub), fill out the necessary information, and upload the required credentials for evaluation. For those enrolling onsite, the students submit the original copy of the admission credentials to the enroller. The enroller checks and verifies the applicant information in the system, processes applications, and assigns sections/schedules.

An enrolling student shall refer to the curriculum set by the Legal Education Board (LEB). If the student decides not to take all the required courses for the school year, he must enroll for at least 12 units a semester, taking into account the prerequisite for the courses chosen.

For students who deliberately make a false statement or conceal material information on any University document, their registration may be cancelled, and they will be ineligible for subsequent registration.

Students are responsible for knowing about prerequisites for courses and the sequence for the course chosen. If students enroll in a course for which they are not qualified, the University reserves the right to cancel their registration in that course even after the enrolment period; if for any reason they obtain a passing grade, they will not be given credit.

Students whose registration has been completed have entered into a contractual agreement and will be considered students of the University during the term for which they are registered unless their connection with the University is officially severed by withdrawal, dismissal, or expulsion.

Upon admission, students are subject to the announcements, policies, rules, and regulations of the University and the Legal Education Board (LEB) on student conduct and discipline and any amendments thereto, posted on bulletin boards, the JRU website, official social media accounts, learning management system, and student dashboard.

CHANGES IN REGISTRATION

Students are responsible for the completeness and accuracy of their registration. They must ensure that there is no discrepancy between the program and course they are following and that which is recorded in the Registrar's Office and that all changes are reported promptly to the Registrar, as students may receive credit for only the courses in which they are officially registered according to the records of the Registrar.

A student may not take courses for which they have not registered and may not drop a course without permission.

Changes in registration are allowed only under circumstances indicated in the policies of the University and must be made within two (2) weeks after the beginning of classes by applying and duly filling up the Application for Change of Subject/Section/Load and Withdrawal Form (F-REG-004) and submitting the form

to the Dean's Office for approval and to the Registrar's Office. No further changes may be made after that period, and changes in courses made without the approval of the Registrar will not be given credit.

TUITION AND OTHER FEES

The tuition for the semester for each student will depend upon the total number of units taken. Miscellaneous and other fees may be charged depending on the course enrolled. The details of tuition and miscellaneous fees are available in the Student Accounts Section of the Accounting Office.

A "prompt payment discount" of 10% of the tuition is given if full payment of all tuition and miscellaneous fees is made before the opening of classes (Prompt Payment Discount). However, if payment is made through a credit card, the "prompt payment discount" is reduced to 7.5%.

Further information about the prompt payment discount schedule and the deadline for enjoying such privilege may be obtained at the Student Accounts Section of the Accounting Office in Room A-13.

Students who will pay tuition and miscellaneous fees after the prompt payment discount period but on or before the 11th day from the opening of classes can no longer avail of the prompt payment discount and will be charged the full published rate.

Students who are not able to pay tuition and miscellaneous fees in full on or before the 11th day from the opening of classes shall automatically be considered as paying on an "installment basis" and shall be charged the installment rates.

A "Non-Payment Fine" equivalent to Two Hundred Pesos (Php200.00) shall be charged to those pupils who fail to pay the minimum payment required on installment accounts as they become due.

A student is not considered enrolled unless the tuition or the first installment payment has been paid, in addition to the other requirements for enrolment.

Please note that the student with delinquent accounts shall be subject to penalties. This includes students who do not settle financial obligations to the University on time and those who issue "bounced checks."

DISCOUNTS

Full withdrawals are permitted within thirty (30) days after the beginning of classes, provided the university is notified promptly in writing on the Application for Change of Subject/Section/Load and Withdrawal Form (F-REG-004) approved by the respective Dean and the Registrar. Any deserving exception on the application for full withdrawal shall be referred to the Vice President for Academic Affairs for approval. When no written notification is made, the student is considered dropped and charged in full for the entire semester, regardless of the actual attendance.
