

ACCOUNTANCY PROGRAM

Within the context of, and in addition to, the stipulated objectives of the University, the BSA program seeks to produce competent, professional accountants capable of making a positive contribution over their lifetimes to the profession and society in which they work. To achieve this goal, the program provides a foundation of professional knowledge, professional skills, and professional values and attitudes that enable them to continue to learn and adapt to change throughout their professional lives. These capabilities will enable professional accountants to identify problems, know where to find this knowledge, and know-how to apply it in an ethical manner to achieve appropriate solutions.

In addition to the aforementioned objective, the BSA program of the University also strives to prepare students for the CPA licensure examinations and employment in a private establishment and government agencies.

PROGRAM EDUCATIONAL OBJECTIVES (PEO)

Three to five years after completing the Bachelor of Science in Accountancy (BSA) program, the graduate will:

1. Excel in their profession/career utilizing the knowledge acquired in the BS Accountancy program;
2. Become effective collaborators and innovators in solving accounting issues, applying professional/technical skills and competencies to make a positive impact on society; and
3. Be engaged in life-long learning and professional development through self-study, continuing education, or graduate and professional studies.

STUDENT OUTCOMES (SO)
